

**LEGALLY COMPLIANT**

# Environmental Photoluminescent Exit Signs

High-performing Exit Signs that illuminate long after the power has cut out. Emit zero carbon, are safe and reliable and show that you mean business. Helping people safely leave the building hours after an incident.

## Environmentally Safe & Sustainable

Zero Carbon Footprint.  
Non-Toxic. NO Light Globes.  
NO Electric Components.  
NO Batteries. NO Landfill.  
Carbon savings of  
50-160kg pa per sign.

## Simple & Effective

NO need for replacement of  
Exit Signs when they stop  
working. NO requirement  
for 90 minute 6 monthly  
Electrical Audits.  
NO power required.

## Savings & Reduced Costs

Cost savings of  
\$100-\$250 pa per sign  
(based on 16m, 24m, 32m,  
40m signs). Reduced  
compliance & audit costs.

## Fully Compliant

Compliant with the Building  
Code of Australia NCC 2019.  
The Australian Standard AS  
2293.1 (relevant PL clauses)  
and the AS/NZS 3000  
(cl 1.9.3.2).

**Highest Global Standards**

**12 Year Warranty  
30 Year LifeCycle**

**Directly Replace Existing Signs**
