

HYPERION © Hybrid Exit Sign (24m)

www.smarterlite.com

We are transitioning to the Smarterlite brand. Please be aware that some products and communications may still display the previous Safety Path branding during this transition period.

Note: Installation of this product is only to be carried out by a licensed electrician in accordance with the appropriate Australian Standards. The LED light panel may be replaced by a competent person in conjunction with the installation manual (No exposed electrical circuits need to be accessed during this procedure). Please contact your local Smarterlite representative at info@smarterlite.com for any warranty queries or replacement components.
